

Tania Wimberley

Tania holds the position of Head: Financial Reporting in the Issuer Regulation Division of the JSE Limited. As the front-line regulator, this division is responsible for the creation and implementation of requirements to ensure that the JSE is an effective securities market. A key focus is that the JSE activities promote investor confidence.

Tania has been at the JSE for 18 years, having previously worked in the merchant banking environment. She has contributed extensively to the Issuer Regulations Divisions' regulatory approach across the following key areas: financial reporting, auditing, corporate governance, related parties and the property sector. She has deep rooted experience in regulating the South African listed Capital Markets. Part of her role has also been to create and lead the JSEs' proactive monitoring review team, whose role is to monitor compliance with IFRS. She is a chartered accountant and holds a Master's degree in commerce.
